IN THE CLAIMS:

Please amend the claims as follows:

Claim 1 (Amended)

A golf club head comprising a hitting face for golf balls,  
said hitting face formed at least partially by a metallic  
material [at least partially], and said metallic material  
satisfying the following relation:

$$y \geq 0.006x + 60$$

wherein

x is Young's modulus [(unit:) in units of kgf/mm<sup>2</sup>()], and
